

Ibrahim Burrow

Motivated Information and Computer Systems Technology student proficient in JavaScript, Java, SQL, HTML, and CSS. I combine a technical foundation in software development with a proven track record of reliability and efficiency in fast-paced, team-oriented environments. I am eager to leverage my problem-solving abilities and dedication to continuous learning to contribute to innovative technical projects.

Education

Camosun College - Diploma Student, Information and Computer Systems Program

- Consistently meets deadlines and maintains a strong work ethic.
- Proficient with Java, SQL databases, HTML, and working on my skills with Python

Western Community College - Youth Digital Entrepreneurship Certificate

- Experience in small and medium-sized businesses using digital technologies and guidance to create a business plan, prepare market research, and roll out a personal business, considering market opportunities in a digital economy.

Work Experience

Berwick Royal Oak - Server/Waitstaff, BRIO Runner

- Always made enough time by being very fast with my server skills to make time for delivering linens
- Key role in teamwork, helping coworkers out if I see them struggling
- Resolved any problems residents had appropriately and efficiently

UPS - Early Morning Preloader

- Actively supported team members by stepping in to help with heavy or high-volume sections, keeping operations on track.
- Addressed and resolved any issues with misloaded or damaged packages quickly to avoid delivery delays.

Walmart Supercentre - Self-Checkout Attendant/Cashier

- Assisted customers with cash transactions, troubleshooting self-checkout issues, and ensuring smooth payment processing.

Tim Hortons - Cashier/Barista

- Provided friendly and efficient customer service at the counter and drive-thru.
- Maintained cleanliness and organization of the front counter and beverage prep area.
- Assisted in restocking supplies and supporting team members during peak hours.
